Use a ruler to verify that the bar below (mm or inches) corresponds exactly with the given size.

1_ How to size your ring

You will find below the circles to be used as reference for finding the correct measurement of your ring. We remind you that the inside diameter of your ring must coincide exactly with the diameter of the sizing circle.

The first number indicates the Italian size (ex. 6,7,8...)

The second number indicates the size of the diameter (ex. 14.6, 14.9, 15.3...)
